Stuart Davies:
Disney Pride 2017 – Making it Magic
Developing the Vision of a big project, from selling through to delivery. Many balloon decorators are nervous about even approaching a large project, not being able to consider 1,000 balloons let alone 13,000 balloons in the middle of London in June for Walt Disney International. Stuart Davies CBA, will hold a lecture session with open questions and answers on how to sell, price, plan, coordinate and deliver on a large scale project starting from the initial process of Visioning, through techniques and tips on how to deliver a successful project. Stuart has a wealth of information, knowledge and experience in running projects in the Statutory, Voluntary and Private Sectors. This seminar isn't just useful for those thinking of running large projects, but also smaller scale projects and event décor of any size.
